## Brown's Iron Bitters.

On July 10, 1894, he wrote a grateful letter in which he said: "I have used Brown's Iron Bitters for two months for Dyspepsia and indigestion. It has done me much good. It's being known, perhaps his letter may help you to a cure. This remedy has helped thousands and helped the past 20 yrs. Will you try it? It does not constipate and it WON'T INJURE THE TEETH. Governor McKinley voiced the feeling of great multitudes of voters when he said: "The people are tired of this tariff bickering, bond-selling, debt-enriching, treasury-reeling, business-paralyzing, wage-reducing, home-robbing administration."

## NO NEWS

Of the reported Seizure of American Sailors by Chinese

Has Been Received Up to Monday Night at the Navy Department.

It is believed that the report by War of London is greatly exaggerated. No word has been received from the State Department from Consul Jones.

WASHINGTON, Feb. 5.—Not a word has been received at the navy department concerning the reported seizure of officers of the Concord by Chinese licensed by the death of one of their countrymen. The failure of Capt. Craig to notify the department promptly of so serious an affair is regarded by Secretary Herbert and Admiral Haney as an indication that the report brought by way of London are exaggerated.

Anything so important and so likely to lead to international complications would, they believe, have been cabled to the department without an instant's delay. This failure of either Commander Craig or Admiral Carpenter, commanding the station, to communicate with the home authorities is, however, the only imputable circumstance which leads the officers of the department to doubt the accuracy of the press-stories.

The American consul at Chin-Kiang is Alexander Jones, but no word has been received from him at the state department. The latest dispatch received from the Consul was dated February 1, and announced her arrival at Chin-Kiang.
